

Nikon. Picture Perfection

Natural perfection, as expressed in quality materials fabrication, photogenic styling, and picturesque eyewear designs. The masterful and sculptural quality of form, capture its modern shape. The character lines that define its surface emphasize its elegant simplicity, a hallmark of the minimalist design aesthetic. And while each reveals something about what inspired the Nikon eyewear line, they only hint at the power and precision that lie within.

***Nikon. Quality without compromise.***

# Nikon Monel NL

MAXIMUM MONEL EYEWEAR COLLECTION

## OPTICAL FRAME FEATURES AND BENEFITS:

- Pure Monel
- Subtle Branding Details
- Contemporary & Modern Styling
- Refined & Elegante Design
- Signature eyewear case & microfiber cloth
- Luxury Performance Spring Hinge Suspension

■ **Nikon Monel NL** collection is contemporary men's styling featuring high-grade monel fabrication, superb design, and luxury integrated spring hinge suspension. The new frames are built with a classic silhouette as well as clean shoulder lines giving the chassis a stately appearance. The refined elegance of the NL-series is a testament to the simplicity of perfection achievable through quality manufacturing, and the timeless sense of fashion it represents is geared for the modern-minded. Based on a multiple shared platform design, the monel construction gives the chassis a grand sense of balanced proportions. All frames feature subtle and innovative Nikon- branding throughout, including sculptural details inspired by legendary Nikon cameras themselves.

# Nikon Titanium NT

PURE TITANIUM EYEWEAR COLLECTION

## OPTICAL FRAME FEATURES AND BENEFITS:

- Hypoallergenic Pure Titanium
- Subtle Branding Details
- Contemporary & Modern Styling
- Light Weight Design
- Signature Case
- Sport-Tuned Spring Hinge Suspension

■ **Nikon Titanium NT** collection is contemporary men's and unisex styling featuring innovative materials superb design, and performance integrated spring hinge suspension. The new frames are built with a pronounced stance as well as flowing shoulder lines giving the chassis a bold appearance. The understated elegance of the NT-series is a testament to the simplicity of perfection achievable through quality titanium manufacturing. The sport-tuned collection is fast paced fashion for the modern-minded. Based on a shorter platform the single-body milled sheet-titanium construction gives the chassis a kinetic sense of motion. All frames feature subtle and innovative Nikon- branding throughout, including tri-color printing on the inside of the temples and milled character lines inspired by legendary Nikon cameras themselves.

## Nikon Rimless NC

### BETA TITANIUM RIMLESS EYEWEAR COLLECTION

#### OPTICAL FRAME FEATURES AND BENEFITS:

- Flexible, Durable UltraLight Weight Beta-Ti Construction
- Contemporary Minimalist & "Invisible" Rimless Design
- Screw-less, Compression Lens Mounting
- Soft, Floating, Comforting Nose Pads
- EverSmooth Hinge
- Subtle Branding Details
- Signature Eyewear Case & Microfiber Cloth
- Customize up to 144 Possible Design Configurations

■ **Nikon Custom NC** collection is a complete rimless eyewear solution for the dispensing needs of the modern eyecare professional, featuring hypoallergenic, nickel-free beta-titanium construction, in a screw-less, "set it-and-forget it" design. The chassis are built with wave-shaped and flowing shoulder lines giving the frames a modern and elemental appearance. The elegant simplicity of the NC-series is a testament to the absolute perfection achievable through quality beta-titanium manufacturing, and the character lines are particularly characteristic of the minimalist design aesthetic which it represents. Nikon NC is geared for the modern-minded active wearer who believes that "less is more." All frames feature subtle and innovative Nikon branding throughout, including "barely there" trace-details inspired by the legendary Nikon cameras themselves.
